

# MARATHON TRAINING PLAN

16-Week Race Prep Tracker Google Sheets  
NasriTools | [nasritools.etsy.com](https://nasritools.etsy.com)

---

## Quick Start (3 Steps)

|               |                                                                               |
|---------------|-------------------------------------------------------------------------------|
| <b>Step 1</b> | <b>Download</b><br>Download the file after purchase.                          |
| <b>Step 2</b> | <b>Open</b><br>Open in Google Sheets (File → Import) or Excel.                |
| <b>Step 3</b> | <b>Fill &amp; Go</b><br>Fill YELLOW cells — everything updates automatically. |

## What's Inside (5 Tabs)

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| <b>Dashboard</b>  | Total miles, longest run, average pace, and race day countdown. |
| <b>Setup</b>      | Race details and personal goals.                                |
| <b>WeeklyPlan</b> | 16-week training schedule with planned weekly mileage.          |
| <b>RunLog</b>     | Daily run log with actual miles, pace, and notes.               |
| <b>Injury</b>     | Injury and pain log for monitoring health.                      |

## Key Features

- 16-week training plan with daily runs pre-filled
- Daily run log with miles, time, and pace
- Race day countdown on dashboard
- Injury log to catch issues before they worsen
- Planned vs. actual mileage by week
- Run type categories: easy, tempo, long, interval
- Heart rate tracking per run
- Customizable for 5K, 10K, half marathon too

## Color Guide

- **Yellow cells** = Enter your data here
- **Blue/colored cells** = Formulas (do not edit)
- **Green rows** = Completed / Paid / Active

- **Red rows** = Overdue / Unpaid / Urgent

### Pro Tips

- Never increase weekly mileage more than 10% per week.
- Long runs are the most important — don't skip them.
- Log your pace consistently to track fitness improvement.
- A pain score of 3+ means rest — injuries compound fast.
