What's Inside (5 Tabs)

Dashboard	VA business overview: clients, revenue, and hours.
Clients	All VA clients with retainer, services, and contact.
Time Log	Daily time log: client, task, and hours worked.
Invoices	Monthly invoices per client with payment status.
Tasks	Client task list with priority and completion status.

Key Features

- Client management with retainer and hours tracking
- Daily time log per client and task type
- Monthly invoice generator per client
- Task list sorted by client and priority
- Effective hourly rate calculated automatically
- Works for 1-20 VA clients
- Tracks all VA service types
- No expensive project management software needed

Color Guide

- **Yellow cells** = Enter your data here
- **Blue/colored cells** = Formulas (do not edit)

- **Green rows** = Completed / Paid / Active
- **Red rows** = Overdue / Unpaid / Urgent

Pro Tips

- Log time in real-time — retroactive logging is always wrong.
- Invoice on the 1st of each month for predictable cash flow.
- Keep task notes for end-of-month client reports.
- Track which client tasks take longest — it reveals scope creep.
